

All Year Round

Simon Roberts

Verse 1

I love the snow in winter,
And I love the wind and rain,
I love the smell of the fireside,
And watching dancing flames.
I love to watch them crackling,
I love to hear the sound.
I love the seasons, I love them all year round.

Verse 2

I love the leaves in autumn,
I love the colours they bring.
I love the orange and crimson,
And I love the yellow and green.
I love the robin singing,
I love to hear his song,
I love to hear him singing, I love him all year long.

Verse 3

I love the flowers in summer,
I love to see the bee,
I love to watch him busy,
Making my honey.
I love to hear him buzzing,
I love to hear the sound,
I love the seasons, I love them all year round.

Verse 4

I love the buds in springtime,
And love to watch them grow,
I love to see things changing,
And buy some seeds to sow.
I love growing older,
I try to play my part,
Then watch the season go right back to the start.
