

I'll Be An Architect

Francis O'Sullivan

Verse 1

Tall and tow'ring, wide and stretching,
Over ev'ry town and city.
Works of art that people live,
And work and play in,
And I think I'd like to be one of the people,
Who designs the buildings that I see.

Chorus

I'll be an architect,
I'll draw the buildings to be built.
An architect,
I'll watch my creations taking shape.

Verse 2

I'll draw pictures and build models,
Physical and digital.
I'll study science, explore art,
Until I can make awesome buildings.

Chorus

I'll be an architect,
I'll draw the buildings to be built.
An architect,
I'll watch my creations taking shape.
