

Look At The Colours

Patrick Nicholls

Look at the colours as the world goes by,
Red ones and green ones just watch with your eyes.
Look at the colours as the world goes by,
Pink ones and brown ones and blue in the sky.

Look can you see the colours on me?
Am I wearing orange or am I wearing green?
Look at the colours as the world goes by,
Red ones and green ones, just watch with your eyes.

Look at the colours as the world goes by,
Look at the flowers and birds in the sky.
See them all changing as the day flies by,
Gold ones and green ones, just follow your eyes.

Look can you see the colours on me?
Am I wearing purple or am I wearing brown?
Look at the colours as the world goes by,
Red ones and blue ones, just watch with your eyes.
Red ones and blue ones, just watch with your eyes.
