

# Recycling Heroes

Iain Gilmour

## Verse 1

Never see us with a plastic straw,  
Single use is something we abhor.  
Don't want any packaging that cannot be reused,  
Adding to the landfill, that is more bad news.

## Chorus

Help save the planet, that's what we must do,  
Recycling heroes like me and like you.  
Let's make a change so the future is bright and is clear,  
Recycling heroes are here!

## Verse 2

When something stops working be aware,  
Better for the planet to repair.  
Even in the Iron Age they knew how to be green,  
Melting down old metals? First time that was seen.

## Chorus

Help save the planet, that's what we must do,  
Recycling heroes like me and like you.  
Let's make a change so the future is bright and is clear,  
Recycling heroes are here!

## Bridge

When half the world is flooding and the other half's on fire,  
We need a revolution, we need heroes to inspire!

### Verse 3

Spread the word to friends and family,  
Tell them what you do so they can see.  
Earth's resources won't renew, we need to use much less,  
Future generations need a planet, not a mess.

### Chorus

Help save the planet, that's what we must do,  
Recycling heroes like me and like you.  
Let's make a change so the future is bright and is clear,  
Recycling heroes are here!  
Recycling heroes are here!  
Recycling heroes are here!
