

Rhino Rock

Music and lyrics by Stu Brewer

Chorus

This is the rhino rock!
Clap your hands to the rhino rock!
All sing the rhino rock!
Stomp your feet to the rhino rock!

Verse 1

On the plains of Africa,
And Asia all around,
With great big horns and tough grey skin,
Hearing ev'ry sound.
We like to chew on grass and leaves,
And wallow in the mud.
But don't you get us angry,
Or we'll charge and crash and thud!

Chorus

Verse 2

Although we look so scary,
There's no need to be afraid.
Our favourite foods are trees and plants,
That we like to munch all day.
And although our population,
Was almost on the brink,
We're all still here to roam the earth,
And cause a massive stink!
We'll never be extinct!

Chorus

This is the rhino rock!
Clap your hands to the rhino rock!
All sing the rhino rock!
Stomp your feet to the rhino rock!

This is the rhino rock!
Clap your hands to the rhino rock!
All sing the rhino rock!
Stomp your feet to the rhino rock!
