

# Side By Side

Catherine Brentnall

## Verse 1

Ev'ry person is an individual,  
Our clothes, our hair, our faces,  
Our lives, our homes, our places.  
Ev'ry one of us is an original,  
Our choices, our decisions,  
Our hopes, our dreams, our visions.  
We must come together,  
And variety embrace,  
Ev'ry piece of the jigsaw has a place.

## Chorus

We can all stand together side by side,  
Our differences should never divide.  
Celebrate diversity, shine your light,  
We are stronger when we unite.

## Verse 2

Ev'ryone feels differently inside their head,  
Our likes, our loves, our ties,  
Our fears, our lows, our highs.  
Ev'ry person's molded by the path they tread,  
Who we meet and where we go,  
What we learn and how we grow.  
We must come together,  
And variety embrace,  
Ev'ry piece of the jigsaw has a place.

## **Chorus**

We can all stand together side by side,  
Our differences should never divide.  
Celebrate diversity, shine your light,  
We are stronger when we unite.  
We can all stand together side by side,  
Our differences should never divide.  
Celebrate diversity, shine your light,  
We are stronger when we unite.  
We are stronger when we unite.
