

Waste Not Want Not Waltz

Francis O'Sullivan

Verse 1

Let me tell you,
All about waste,
When you have things you do not need.
Leftover food,
Clothes that don't fit,
More toys than you can ever play with.
Throw everything,
Into the bin,
Let it be taken off to the tip.

Verse 2

What if you're hungry,
Later today?
After you've binned all of that food.
What if someone,
Could have played with those toys,
Or worn those clothes?

Chorus

Waste not want not,
Waste not want not,
Sing this song each time you reach for the bin.
Waste not want not,
Waste not want not,
Don't throw away,
Things that still could be used.

Verse 3

So please take care,
Not to waste food,
When you serve up don't take more than you need.
Give things away,
That you do not use,
So somebody else can enjoy them as well.

Chorus

Part 1

Waste not want not,
Waste not want not,
Sing this song each time
you reach for the bin.
Waste not want not,
Waste not want not,
Don't throw away,
Things that still could be used.

Part 2

Waste not want not,
Waste not want not,
Sing this song each time
you reach for the bin.
Waste not want not,
Waste not want not,
Don't throw away,
Things that still could be used.
